

CONGRATULATIONS!

Congratulations on your engagement! What an exciting time for you and your fiancé. Before we get started let me tell you a little bit about us and this simple process of ordering your wedding flowers.

We create one of a kind floral arrangements inspired by the seasons and nature. Our garden is overflowing with flowers and much of the material used in our designs is custom-grown for our events. We specialize in cultivating old fashioned and uncommon flower varieties revered for their fragrance and delicate structures.

We've streamlined the process of selecting your wedding flowers by offering a limited range of romantic, garden-style arrangements so choosing is easy. We arrange your flowers using the best of what is growing the week of your wedding in your desired color palette. Our pricing is transparent so you have the ability to create your own custom flower package while staying within budget.

Our A La Carte option is perfect for couples who love Petals + Pages romantic design but don't require extra large arrangements, arches, arbors, aisles or any on-site design and set up. This option is ideal for clients who only need personal flowers, centerpieces and a few focal arrangements. Simply browse our options on our online store, checkout and pay, send a couple inspiration photos for color palette and leave the rest to us!

Our A La Carte option is not well-suited for couples who want very specific flower types or require more complex wedding designs. It also does not include on-site set up, large installations, or clean up.

Pick-up at the farm for your wedding flowers is preferred but delivery is optional for an additional charge. The first 65 mile radius is \$100 and there is a \$1.75 per/mile charge for anything above that.

On the following pages you'll find everything you need to get started. Please feel free to reach out if you have any questions. We look forward to creating for you and can't wait to bring your flower dreams to life!
